Max length of Statement of Purpose: 1000 words.

You have applied for our MSc in Games in which we teach broadly about play and games and their design and development. What do you see is the value and role of games and play today?

Please explain how you see the relevance of your previous studies and experience to this programme, respective of your chosen track. You are very welcome to discuss skills acquired outside of educational institutions.

How do you imagine a graduate of this program can apply the skills they learn in their future life/career?

Which aspects of play or games are you particularly interested in investigating, testing, or questioning?
